It's All About Community!

Inspiring Others for TWO DECADES!

Happy Anniversary to US! We are so happy to focus on friends and neighbors who are making inspiring, positive differences for everyone. Please read through and note the amazing folks that make our corner of Broward so fantastic. Get ready for a fabulous summer by enrolling your kids in the fun at Urban Air (pp 6 & 7), or a place to hone their stage presence with Next Stop Broadway (pp12 & 13).

See the articles about the Viscount Family, Challenger Baseball, Relay for Life, and MVP Environmental Solutions, all focused on caring for and loving others... and sharing gifts with the world around us. Whether we are on the giving or receiving end of help in times of adversity, we are constantly modeling examples. Our kids are always watching!

We are so thrilled to celebrate our corner of Paradise with the amazing families who call it home. Enjoy March by offering love and service to friends and neighbors in our community.

Thank you for your time and support of our advertisers.

God bless you and our troops,

Shellie & Scott

Upgrades...

By Shellie Miller-Farrugia

When was the last time you changed your telephone? Not the number... The actual phone. I'm curious; did you change it because it was broken, or because one with more features came along?

When dirt roads get paved over for easier transportation, or when they discontinue 411 for telephone information, you can bet there's an upgrade that has taken the place of your old modus operandi. Many of us call it progress, regardless of inconvenience.

More than 20 years ago, our oldest son was an active adolescent who was excited for flag football. Because the Internet wasn't being used to its present-day standards, the only way we could find out about sign ups was a cardboard sign planted on the side of the road. That sign was far away from my usual route, so by the time I found it, sign ups had been concluded. Scott and I decided there had to be a better way for families to connect with other leagues and activities. The Spectator was born from that inconvenience, and we are proud that our place in the community has become more relevant and necessary than ever!

Through that simple inconvenience, we were able to create this community magazine that connects people throughout Coral Springs and Parkland, along with people all over the world! 'Connection' has been one of the most important words as we grew this brand. Connecting you and your children to activities that can enrich the entire family has been our aim from the beginning.

We have been blessed to bear witness to the positive changes throughout our lives in the last two decades. When tragedy struck in September 2001, Americans rose up and formed a solidarity that was awesome for the world to watch. It was in that same month that we began drawing up our vision for the Spectator. In early years we were encouraged by people who were touting what we stood for. One of the families we featured were spotted by an estranged brother, and then reconciled! Who would have seen that coming?

While on assignment at Incredible Ice, I bumped into a young boy who was dreaming of becoming a player one day. He had lost one of his eyes in a freak accident, and knew that he could never be a professional player, but who cares? We were thrilled to buy him equipment and enroll him in a league... He and his team became champions their very first season!

So... Upgrades. My paved street is one that I appreciate much more than the gravel road that used to be in front of my house filling it with dust. If my watch stops, I can glance at my phone, and if I'd like to make a connection in the community, all I need to do is open the latest Spectator to find new friends, neighbors, fun things to do, and maybe even a long lost sibling.

With new adventures behind every corner, Urban Air Adventure Park is the ultimate indoor playground.

Urban Air is an indoor adventure park with gravity-defying attractions for all ages and skill levels, including a ropes course, tubes playground, climbing walls, battle beam, trampolines, warrior obstacle course, dodgeball, and slam dunk zone.

You've watched those obstacle courses from your living room, now try it for yourself! The Warrior Course lets you test your strength and balance while competing against your friends which is great for team building.

Wall climbing with different levels of difficulty will make you feel like a human puzzle. Reach new heights and master your ascent while enjoying some cliff side fun.

Sky Rider takes the fun level to new heights — literally. Strap in and soar overhead while you scout out all the other attractions. Plus, it's a no skill, all thrill ride, so everyone can enjoy.

The Urban Air ropes course gives you a sense of defying gravity while you weave your way through the rope maze, using agility and balance while you climb. Don't worry, though, safety is always assured with secured harnesses.

Our Battle Beam will be a test of balance and strength when you face off against your friends, armed with foam swords. While it's not quite a battle to the death, the feeling of shoving your friend off the beam into the foam pit below will undoubtedly feel like sweet victory.

With all this activity, appetites are sure to soar, as well. Guests can also visit the park's Urban Café to enjoy a delicious meal, cold drink or quick bite — from pizza made freshly on-site to snacks, sweet treats and other delectable menu offerings from the mind of Urban Air's Culinary Institute of America-trained chef — before venturing back for more pulse-pounding enjoyment.

Urban Air also offers custom birthday parties for kids where the activities are endless for each attendee. We handle everything from setup and hosting to entertainment and cleanup. Our specialists get the work done, so all you have to do is show up and have fun. Our party experts make it easy to host a party for kids of any age, which is why Urban Air Adventure Park continues to be voted the Best Kids Birthday Party Place year after year. Take your child's birthday party experience into the stratosphere.

The fun isn't limited to the little ones, though, as Urban Air also offers group events for grown-ups. From corporate retreats to team building experiences and private events, Urban Air is the ideal locale for a stress-free, unforgettable experience.

Want to visit Urban Air every day? Enjoy unlimited all-day play with our endless play memberships!

More than just a trampoline park, Urban Air is a unique indoor adventure park with something for everyone.

Meet The

Viscount Family

Parkland gained an intriguing family two and a half years ago when Tom, Ashley and Henry relocated here. Two French Bulldogs, Leo and Layla – who couldn't be any more opposite personality wise, complete the family circle.

Ashley tells us that Henry, 22 months, is already a 5th degree black belt and national bare knuckle champion all before the age of two! "Just kidding. His current favorite activity is spending all of his mornings at Liberty Park. He loves to help cook and is our favorite sous-chef, and he loves eating... lots of eating. Tom and Ashley are both in the industrial real estate industry. Tom specializes in leasing and sales of commercial buildings, and Ashley is a Leasing Associate. Tom is originally from New Jersey and Ashley, Pennsylvania. Prior to moving to Parkland, the couple lived in east Delray Beach.

Tom has been a part of the BIG Brother's program for the past 10 years. His little brother is not so little anymore and is currently enjoying his first year in college. Ashley is part of the philanthropy committee at Prologis and partners with local non-profits multiple times a year. Together, they partner annually with the Joe DiMaggio Children Hospital, as well as both are members of the Broward County Sheriff's Advisory Council.

When it's time to relax, Ashley says that, "Cooking is a big event in our home. We enjoy cooking as a family, with lots of music, dancing, and of course, a glass of wine. We love being outside when it's not too hot! Swimming and playing at the park are always fun. When Tom and I get a break, we enjoy entertaining at our home."

Ashley and Tom have fun senses of humor! When asked about Henry's education, Tom replies, "Henry is an international man of mystery, and we can't wait to see what passions evolve as he grows!"

Happy to have settled in an area they have admired for some time, Ashley says, "Since both of us grew up in the Northern States, we have a deep appreciation for more land and mature trees. Even when living in Delray, we knew that Parkland was somewhere we would eventually buy a home."

Scott J. Brook, P.A.
Celebrates
Twenty-Two
Years In Business

By Ashley Ferraro

Finding the right family lawyer to handle your case can sometimes be stressful, but it certainly doesn't need to be. Focusing in the areas of family law, estate plan-

ning, guardianship and mediation, Coral Springs Mayor Scott Brook takes pride in his aggressive advocacy and the services his firm offers, crediting much of his success to the friendly and professional staff he's cultivated over the years.

the same goes for each of his staff members, who are also family-oriented. Scott continues, "We're not just focused on our clients, we're also focused on helping their children."

Generally speaking, Scott's goal with each case is to settle reasonably. He strives to cut as many emotional and financial costs associated with litigation as possible in order to provide his clients with the best possible experience and outcome.

Scott also has conducted numerous mediations over the years and is pleased to offer this service at his firm. Mediation is an excellent way for couples to resolve their differences without the pressure, of course, to cut costs that are associated with litigation.

"One thing that I love to share with my clients, my friends, and my family is the importance of having a balanced life," Scott notes. The litigation process can take an emotional toll on anyone, so Scott regularly encourages his clients to focus on leading a full life.

Scott J. Brook, P.A.'s family law services cover issues like divorce, domestic violence, custody and visitation, child support, and more. They also offer general litigation and estate planning services. Estate planning includes drafting wills and trusts necessary to ensure assets will be distributed accordingly once someone is gone.

Scott and his team are eager to help you understand your rights and become your advocate. Contact the law offices of Scott Brook today for a consultation at 954-757-5551.

I hope this helps you or someone you know.

Anyone navigating family issues might find themselves in emergencies from time to time. "All of my clients get tremendous accessibility to our entire staff," Scott assures us.

Scott's clients have access to his and his colleagues' cell phones at all times, granting them peace of mind knowing urgencies will be addressed outside of normal business hours. "Our clients text and call us on a regular basis before and after hours," he adds.

Having a relationship with your family lawyer is crucial, and Scott understands that more than anyone. "I feel lucky to be able to call a good amount of my clients my friends as well," he adds.

As a husband, a father of five, and a grandfather of four, Scott iterates the importance of family. He says

Creating the Fun!!

Summer is just about here, and the Coral Springs Center for the Arts looks forward to their 20th season of the fun, creative, and exciting camp known as Next Stop Broadway! A beloved landmark in the city, The Coral Springs Center for the Arts brings the finest in music, dance, comedy and more to the community. Next Stop Broadway Registration is Open now for classes in singing, dancing, acting and performing culminating in four flashy, splashy musical productions that include

1. Disney's Descendants: The Musical / June 13 - July 1, based on the popular Disney Channel Original Movies, Disney's Descendants: The Musical is a brand new musical comedy featuring the beloved characters and hit songs from the films.

2. The SpongeBob Musical / July 5 - 22, based on the beloved Nickelodeon animated series, The SpongeBob Musical was created by Stephen Hillenburt and features a book by Kyle Jarrow, with original songs by today's biggest music stars.

3. Disney's Frozen Jr. / July 25 - August 12, based on the 2018 Broadway musical, Disney's Frozen Jr. brings Elsa, Anna, and the magical land of Arendelle to life onstage, featuring all of the memorable songs from the animated film, with music and lyrics by Kristen Anderson-Lopez and Robert Lopez.

4. The Addams Family / July 5 - August 6. With book and lyrics by Andrew Lippa and book by Marshall Brickman and Rick Elice, The Addams Family depicts a ghoulish American family with an affinity for all things macabre.

Looking forward to their 20th successful summer, participants at Next Stop Broadway, are split into age-appropriate "Pods" and remain safely in their classrooms while professional instructors rotate; bringing fun activities designed just for them in singing, dancing, acting, performing and more. Each session culminates in a fully designed production, in which EVERY camper participates. All of the productions are solely produced by camp participants combined with the guidance and leadership of experienced theater professionals on the main stage!

Dynamic and energetic Creative Director Cynthia O'Brien tells us, "Our focus has always been the children, and keeping them happy and safe."

The Next Stop Broadway Summer Camp offers two separate programs (Youth Camp and Teen Theatre Project) at the Coral Springs Center for the Arts at 2855 Coral Springs Drive 33065:

Youth Camp (Ages 7-13)

Limited to 175 campers per session, participants will stay safely separated into age-appropriate Pods throughout their camp experience, participating in fun and exciting curriculum designed and facilitated by their Pod's Instructors. Visited daily by the Production Team, they will learn their group scenes, songs, and dances. The Activities Director (Cynthia) also visits bringing camper's tasks for Spirit Rallies, Dress Up Days, Talent Shows, etc. The camper's day is extremely active while learning and participating in every class. Pods also safely rotate to the theater and lunch area.

Extended Care Available: 8 am to 9 am, 4 pm to 6 pm

Teen Theatre Project (Ages 14+)

This is the complete, pre-professional experience for aspiring performers. Set in a safe and encouraging environment where everyone participates in the creation of a fully designed production. Led by Next Stop Broadway's all-star staff, the Teen Theatre Project enables young performers to advance their skills, build confidence, and perform on stage. Cynthia likens the teen theater project to summer stock, and says, "Though it's geared toward those who have theater experience, it's also wonderful for those who have just dabbled in it for the first time. It's a fun, nurturing environment with like-minded people."

A critical component of Next Stop Broadway's safety regulations is following all of the Center of Disease Control (CDC) and the Department of Children and Family (DCF) guidelines to ensure providing a protected environment for students and staff.

More excited than ever to step into this 20th annual season, Cynthia continues, "Next Stop Broadway is fun! Everything we do is centered on fun!"

Online registration is now open at

Join the American Cancer Society Relay For Life of Parkland, Coral Springs, Margate and Coconut Creek for a Future Free of Cancer

Event celebrates those touched by cancer, remembers loved ones lost, and takes action for lifesaving change

The American Cancer Society (ACS) Relay For Life of Parkland, Coral Springs, Margate and Coconut Creek invites the communities to attend the annual Relay survivor and caregiver celebration on Saturday, April 9, 2022 at Marjory Stoneman Douglas High School.

Relay For Life is a movement, a community of like-minded survivors, caregivers, volunteers, and participants who believe that the future can be free from cancer. It continues to be the largest peer-to-peer fundraising event, with 2.5 million participants globally uniting to save lives from cancer.

"During this difficult time, cancer won't stop, and neither will we," said event lead Megan Mila. "We are bringing our traditional Relay back to Marjory Stoneman Douglas High School with a big focus on fun for the whole community. Our theme is 'Not all heroes wear capes'. More than 40 teams and more than 500 participants will join together to raise funds and awareness in an effort to free the world from the pain and suffering of cancer."

Relay For Life of Parkland, Coral Springs, Margate and Coconut Creek
April 9, 2022, 4pm - 9pm
Marjory Stoneman Douglas High School
5901 Pine Island Road, Parkland,
www.Relayforlife.org/parklandfl

Entertainment Chairperson and cancer survivor Chris Fletcher explains "Our goal is to host over 100 cancer survivors and their caregivers at the event. The opening ceremony will include a special Survivors Lap. Survivors and their caregivers will also enjoy a complimentary dinner. After sunset, we light Luminarias to remember those we have lost, to celebrate cancer survivors, and to show those affected by cancer that they are not alone."

The American Cancer Society's mission matters more than ever. The needs of people facing cancer continue and so does our work. Cancer patients still need support during this crisis. Funds raised help the American Cancer Society to continue with cancer research, the 24/7 helpline, and for

continuing services to get patients the care and support they need where we can.

Community members can join Relay For Life teams to fundraise virtually and continue the fight through additional fundraising events. "We are so honored to host multiple events to support the American Cancer Society in such times of need," said Megan Mila. "We have added a youth Talent Show Fundraising competition on March 20th www.tinyurl.com/RelaysGotTalent2022 and a Swing Fore a Cure golf tournament on April 30th www.swingforeacure.com."

Relay For Life of Parkland, Coral Springs, Margate and Coconut Creek is supported by many local businesses and organizations. This year's Relay and Swing Fore a Cure sponsors include: Memorial Cancer Institute, JK Closing Attorneys, AutoNation, Anthony Rizzo Family Foundation, Gunther Motor Company, Coldwell Banker Realty, Burie Group at Morgan Stanley, MVP Environmental Solutions, Iguana Control, VYVE and School of Rock Broward County, among others.

**Put The Safety Of Your Home In The Hands
of MVP Environmental Solutions**

By Ashley Ferraro

MVP Environmental Solutions, Inc. is South Florida's most trusted remediation and restoration expert. A Parkland resident himself, owner and founder Leo Gordon understands the importance of having reliable and honest contractors on hand to prepare for unprecedented disasters. If your home or business is experiencing damage due to water, fire, or mold, Leo's team is available around the clock to prioritize your health and safety.

With hurricane season quickly approaching, Leo emphasizes the importance of proactivity as opposed to reactivity. In fact, the worst time to make your first contact with an emergency services contractor is after the damage is already done.

"As storms are developing, make sure your plan is in place," says Leo. "Reach out to people who are in the emergency services business and see what their schedules look like."

An early forecast conducted by the Colorado State University predicts a slightly above-average hurricane season this year. Hurricanes are something Floridians have time to prepare for, and they should certainly use that time to their advantage.

Plumbers, roofers, and anyone in the restoration field may receive hundreds of calls after a hurricane hits. Having established some form of relationship with these experts can severely expedite the time in which your home or business is serviced.

According to Leo, this preparation can look as simple as keeping the information of trusted contractors handy. And, of course, if you've yet to find your go-to repair experts, Leo and his team of friendly professionals are happy to be the ones to help put your mind at ease and keep your home safe.

Regardless of the status of the upcoming hurricane season, MVP is here for Parkland and Coral Springs

residents. Leo notes that as homes climb in age, they may be more susceptible to plumbing issues due to aging pipes.

If you find a leak but are unsure of the origin, Leo encourages you to give him a call. His experts will come in and identify the source of the leak, repair it, and remediate any damage.

Unfortunately, unexpected water damage due to broken and deteriorating pipes can be detrimental to not only the infrastructure of your home or business, but to you and your family's health.

Licensed to inspect both residential and commercial buildings, MVP is an expert in mold removal, remediation, and cleanup. Leo's team can assist with anything from humidity control to demolition and removal when necessary, adhering to industry standards and demonstrating extreme care and caution.

Family-owned and operated, MVP has been in business since 2011 and boasts over forty years of combined experience. Parkland and Coral Springs homeowners and businesses

have entrusted Leo and his team due to their ethical business practices and competitive prices.

Leo is the Vice President of the Parkland Chamber of Commerce and was recently nominated as the Parks and Rec Advisory Board's chairperson for Parkland's 60th-anniversary celebration.

"We treat our customers with a certain level of respect because we're a family business teaching our family values," Leo says. "We're working on being the most influential company in the industry."

Contact MVP Environmental Solutions, Inc. today at info@mvp mold.com or call (954) 247-9444. See ad on opposite page.

Parkland Challenger Baseball Helps Special Needs Children and young Adults Get Involved with Sports

Challenger Baseball has been thriving in Broward County for over 30 years and has recently expanded its league to Parkland. A division of Little League, Challenger is an adaptive baseball program open to all children and young adults with special needs. Although the last 2 seasons were effected by Covid the 2022 season is kicking off.

When Melissa Sackman, alongside Paul Rosenberg, and Sam Troy, saw an opportunity to bring the league to Parkland, they didn't hesitate to get it organized. "The idea behind Challenger is to provide socialization and give the players a sense of normalcy," says Melissa. The league implements buddies along with coaches, who are volunteers that actively help the players on the field. This way, if parents choose to, they can relax in the stands and just cheer their children on while they play.

"It's a great opportunity for the families of these children and adults to come together and be with other families who have similar circumstances," adds Mellissa. "It's a chance for the parents to have a break and to be able to sit in the stands as a normal parent and just let go for an hour."

Something unique to the Parkland league is its affiliations with the MLB. Thanks to their relationship with the Rizzo Family Foundation, Anthony Rizzo's dad, John Rizzo, acts as one of the coaches for Challenger Baseball.

Another MSD alumni and starting pitcher for the Miami Marlins, Jesus Luzardo, is now a Challenger sponsor. His father, Jesus Luzardo Sr., is also a baseball coach

for the Parkland team. "That's a really cool addition that we've been fortunate to have here in Parkland," adds Melissa.

Coral Springs resident Randy Hibshman and his wife, Debbie Hibshman, have been running the organization since it's early days. Challenger Baseball has teams throughout Broward County, and in 2020 it finally expanded to Parkland. Thanks to private sponsors there is no cost to the players and their families. Every expense, including registration, uniforms, pictures, trophies, equipment, season opening and closing parties, A Ft Myers festival and challenger day at a Marlin's game are covered by the league.

"The people in Parkland—Melissa, Paul, Sam, and our coaches—have really done a wonderful job of getting the community involved," says Randy.

The Parkland Challenger baseball team plays their home games at Pine Trails Park on Sunday afternoons from February 27th through May th. The games run for around an hour and fifteen minutes, allowing each team to play 2 full innings. Every player gets to hit, field and get around the bases with whatever help they need thanks to their coaches and buddies.

The vision behind Challenger Baseball is to allow all children and young adults with special needs to have fun, interact with one another, and be a part of a team just like their peers. Parents can register their players at no cost for Parkland Challenger Baseball online at www.challengerbaseballofbroward.com. Season runs February through May 15th.

Rotator Cuff Injuries

By Dr. Howard Gelb

The rotator cuff (four muscles that hold the ball of the shoulder in the socket) acts as a dynamic stabilizer of the shoulder joint during various overhead motions and can be injured by trauma or repetitive overuse. Rotator cuff tears and disorders were once thought only to affect older patients. However, with the rising popularity of overhand sports, repetitive work tasks and weight training, rotator cuff injuries are seen in younger patients. The initial treatment for these injuries may involve relative rest and rehabilitation. Rotator cuff disorders may be classified into bursitis, tendonopathy without tear, partial tears, and full thickness tears. MRI has become the diagnostic, noninvasive imaging modality of choice for evaluating cuff disorders. Arthroscopy is still the gold standard for evaluating the integrity of the rotator cuff. Treatment for partial thickness cuff tears may involve debridement (removal of the non healthy, torn fibers) or direct repair of the tendon. Full thickness rotator cuff tears are often treated by repairing the torn tendon back to the bone. Using new techniques, even large, retracted rotator cuff tears can be repaired arthroscopically without opening the shoulder. This innovative approach to the rotator cuff is analogous to the development of other less invasive procedures such as laparoscopic surgery. The arthroscopic cuff repair is routinely performed on an outpatient basis using a combination of general and regional anesthesia. For massive, irreparable tears, a reverse shoulder replacement can provide patients significant functional improvement. Post-operative treatment involves minimal immobilization combined with a structured rehab program.

Douglas Drama Department Presents **Something Rotten!** March 3rd & 4th

By Logan LaPierre, Douglas High School Student

Two years have passed since the Marjory Stoneman Douglas Drama Department performed its last live musical: "Imaginary: A New Musical", which received praise from audiences and critics alike, winning the already-award-ridden-department numerous additional honors at the Cappie Awards, including for Best Musical.

With March approaching quickly, so is MSD Drama's spring musical... "Something Rotten!"

The Tony Award winning musical comedy, which follows Nick and Nigel Bottom - two brothers and playwrights in 1595 struggling to compete with Shakespeare's brilliance during the Renaissance - is coming to the stage at Marjory Stoneman Douglas High School as this season's Cappie Show!

The rehearsals for this extravagant musical began in December 2021, and Melody Herzfeld, the Tony Award winning director and department head, recounts the journey with much pride: "I have rarely given [any critiques] because it's just been such a natural creative progression." She acknowledges her deep honor and gratitude for her brilliant student-led cast and crew. When asked about her students, specifically, Herzfeld gleefully responds, "They have been so engaged with the words and the comedy and dance and tap of every number and scene. I am so proud of them."

The MSD Drama program holds many impressive accolades, including a plethora of Critics' Choice Awards received at numerous Senior Thespian District Competitions over the last decade. As recently as December of 2021, students from MSD Drama were awarded four Critics' Choice Awards, as well as many Superior ratings.

Don't miss your chance to see this "glitter glitz and chorus line-y" musical, where the magic and art of "song and dance" is revived again in MSD Drama's production of "Something Rotten."

"Something Rotten" will premiere on March 3rd and March 4th, 2022. Both performances are set to begin promptly at 7 p.m. The musical will be performed in Marjory Stoneman Douglas High School's auditorium at 5901 Pine Island Rd. Tickets are \$8 for students and \$13 for adults, and they will be on sale at www.douglashigh.seatyourself.biz, with sales **ONLY AVAILABLE ONLINE**. Tickets will not be sold in person.
